

REFORM CCHD NOW!

Support for the CCHD often goes to organizations which, in initiatives other than those funded by the bishops, work against the Church and her teachings. This year, instead of cash or a check, put the coupon below in the annual CCHD collection plate! This coupon explains that financial support will resume once the CCHD shows that it will work only with groups fully in agreement with Church teaching on social justice and family and life issues.

Many parishes will take up a special collection for the Catholic Campaign for Human Development (CCHD) on **November 21, 2010**. We want to get the coupon below to as many faithful Catholics as possible before this date. Will you help us?

Visit www.reformcchdnow.com for more information on the CCHD and this campaign, to find alternative organizations to support, and to learn how you can help spread the word.

Print the coupons below and share them with others!

This year, I will give

THE MONEY I WOULD HAVE GIVEN TO THE CCHD

to another organization which is fully in agreement with Church teaching on social justice and family and life issues.

Until the CCHD provides this information, I will not give a single penny to its programs. And if it cannot, it should be entirely defunded by this diocese and across the country.

I will be happy to support the CCHD again if and when the following occurs:

- 1) When I am sure that my donation will go to groups who support, or at least do not oppose in any way, Church teaching on social justice and family and life issues, based on substantial published research into the funded groups, and
- 2) When the CCHD publishes prominently on its Web site exactly where all CCHD funds went, including the research and due diligence performed which prove that the funded groups in no way oppose the Church and her teaching.

KINDLY FORWARD MY CONCERNS TO THE CCHD OR TO THE DIOCESE TO LET THEM KNOW OF MY OBJECTION.
